

DMC24 LOCAL SALES

The guest has arrived.
The opportunity continues.

Destination point-of-sale for representatives, hotel desks and counters.

THE BUSINESS CASE

Create revenue beyond the original booking.

Capture local demand

Sell experiences and services while guests are in destination.

Empower front-line teams

Put permitted products in the hands of authorised sellers.

Make cross-selling easier

Combine services in a cart-style transaction.

Control collections

Track relevant cash, card and multi-currency payments.

Manage commissions

Measure seller performance and commission obligations.

Connect operations

Move confirmed services into the fulfilment workflow.

WHAT YOUR TEAM CAN DO

Practical capabilities. Connected business value.

Local sales network

Reps, hotel desks, airport teams, guides and destination sales offices.

Guest context

Arrival, passenger, accommodation, existing services and booking references.

Products & cart

Transfers, sightseeing, tickets, activities, transport and optional excursions.

Flexible bookings

New local sales, individual services or additions to an existing travel file.

Collections & changes

Configured payment methods, cancellations, refunds and transaction history.

Commission & intelligence

Sales by rep, product, location and period; payouts and outstanding commissions.

ONE CONNECTED JOURNEY

From opportunity to operational delivery.

CONTROL WHERE IT MATTERS

A clearer workspace.
A better-informed team.

Central permissions

Define user access, products, pricing and sales locations.

Collection rules

Control permitted currencies and payment methods.

Commission visibility

Track eligible services, values, payouts and obligations.

Connected changes

Manage amendments, cancellation charges and refunds through controlled workflows.

INTEGRATION & EXPANSION

Part of a connected DMC24 ecosystem.

DMC24 Mid Office

Connect reservations, suppliers, vouchers and transport operations.

Operational finance

Keep collections and relevant finance processes tied to the booking.

Payment gateways

Use supported digital collection methods where configured.

Multi-DMC expansion

Reuse the local-sales model with each destination’s own team and products.

Availability depends on your selected edition, configuration and agreed scope. API connections require appropriate access, supplier approval, commercial terms and implementation validation.
