

DMC24 MULTI-DMC

Local expertise.
One connected network.

Hub-and-spoke technology for multi-destination organisations.

THE BUSINESS CASE

Grow the network without multiplying complexity.

Cross-sell destinations

Offer more countries to existing agents and sales relationships.

Improve group visibility

Connect destination performance, pipeline and profitability.

Standardise thoughtfully

Introduce common workflows while retaining local requirements.

Enter new markets

Use a repeatable foundation for additional DMC entities.

Reduce duplication

Share distribution, agent management and selected group functions.

Protect local ownership

Define what remains destination-specific and what is shared.

WHAT YOUR TEAM CAN DO

Practical capabilities. Connected business value.

A mid office per DMC

Local products, contracts, quotations, reservations, operations and finance.

A common B2B hub

A shared gateway for agents to discover and book several destinations.

Central sales capability

Support multi-country programmes and proposals across the network.

Commercial governance

Shared agent onboarding, credit, markup and distribution management.

Destination-level rules

Local currencies, taxes, supplier conditions, roles and access rights.

Multiple growth models

Owned destinations, controlled partner networks and new-entity expansion.

ONE CONNECTED JOURNEY

From opportunity to operational delivery.

Build locally

Contract products and rates

Connect supply

Share agreed inventory

Distribute centrally

Reach agents and sales teams

Sell across destinations

Create wider programmes

Fulfil locally

Route to the responsible DMC

Review performance

Guide group and local decisions

Keep the sale connected to the service.

Clear responsibilities and shared information support every handover.

CONTROL WHERE IT MATTERS

A clearer workspace.
A better-informed team.

Local operational control

Destination teams own suppliers, services and the guest journey.

Defined data sharing

Agree product, commercial and reporting boundaries.

Group-level opportunity

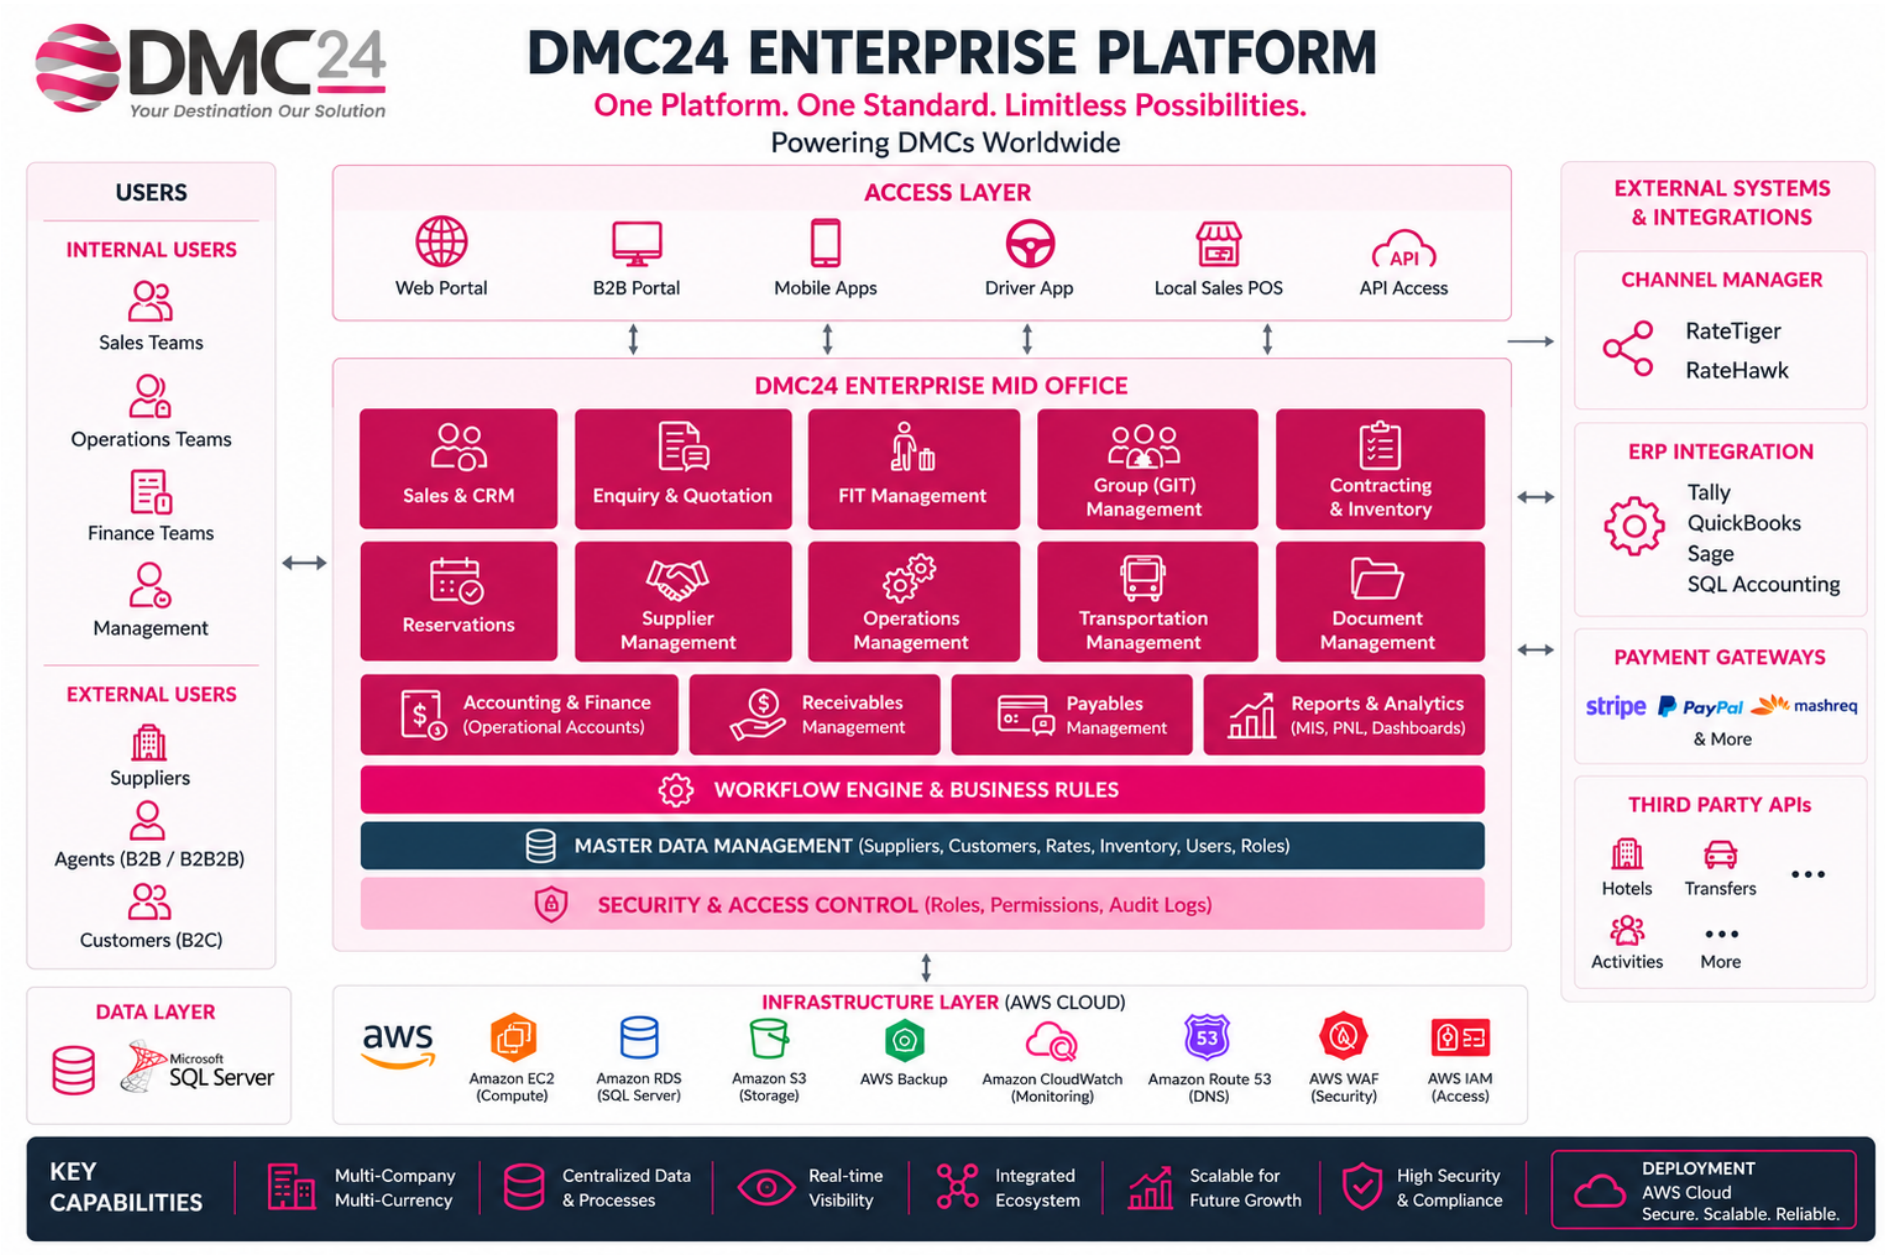

Connect distribution, cross-selling and performance visibility.

A repeatable blueprint

Onboard new destinations while adapting their local requirements.

INTEGRATION & EXPANSION

Part of a connected DMC24 ecosystem.

MID OFFICE / COMMON B2B / OUTPUT API / PAYMENTS / ACCOUNTING

Availability depends on your selected edition, configuration and agreed scope. API connections require appropriate access, supplier approval, commercial terms and implementation validation.

Explore APIs & integrations →

A PRACTICAL PATH TO VALUE

Prepare. Pilot. Launch with confidence.

Discover & design

Map destination processes, currencies, taxes, users and integrations.

Deploy a pilot

Prepare essential data, train teams and validate end-to-end files.

Connect distribution

Introduce shared B2B, output APIs and agreed agent controls.

Roll out in waves

Onboard further destinations and refine governance and reporting.

Rollout timing follows data readiness, team capability and the agreed implementation scope.

A stronger destination network. Built to grow together.

Bring your workflows, challenges and growth plans. See how DMC24 Multi-DMC can support your business.
